

Mitigation Strategies that will be in place throughout the Impact Camp experience

Group Numbers

- Not more than 10 people (including staff) will be allowed in any one location in the gym. For example, only 10 people will be allowed in the Ninja room or on the vault course (at any given time).
- The number of kids in a group will be a maximum of 9 (though in most cases it will be 8)
- Camp groups will remain the same throughout the week (Cohorts). This helps us minimize points of contact. The only exception to this is during whole camp 'outdoor' activities.

Morning Drop-off and Afternoon Pick-up

- At arrival, all campers will check in at the front entrance. Please wait at an orange cone for your turn to check in. Parents will check in their campers, then Impact staff will escort the campers inside and upstairs to their group's designated space.
- At drop-off, parents/guardians will be asked to attest that their camper(s) do not have Covid-19, do not have symptoms of Covid-19, and they do not have risk factors for Covid-19 (e.g., recent exposure, symptoms of illness in the home, etc.). A screening list will be displayed at the check-in table for parents/guardians to read and attest to on each day of camp.
- At pick-up, parents should go to the playground area, which is behind the white fence to the right of the gym building. Campers will be ready for sign out with their belongings.
- **Children should stay home if they have signs of illness OR if other signs of illness are present among family members living in the home. Signs of illness include fever, cold, or flu-like symptoms.**

Physical Distancing

- We will require all people in the gym to maintain a 6-foot distance from others. We achieve this using vinyl dots that camp staff bring with them to all events so kids know where to line up.
- In situations where camp staff need to assist campers, either through spotting or direct assistance with a daily task, camp staff who are not vaccinated will wear a mask.
- Face Mask Use for campers: Face mask use for campers is *Optional* in all situations where physical distancing requirements can be met (6-feet between self and others), this includes both indoor and outdoor events.

Routine Gym and Staff/Camper Cleanliness

- Commonly touched surfaces as well as bathrooms and eating areas will be disinfected before the start of every camp day.
- There are seven 'touch-free' hand sanitizer stations in the gym for athlete and coach use. Campers and staff will be encouraged to wash their hands frequently (and in the bathrooms with soap and water when feasible).
- Staff will wash hands frequently and have personal bottles of hand sanitizer on hand throughout the day.

* Camp guidelines will be updated if there are changes to the NH Universal Best Practices *
